

## **Excellence in Leadership Program** <sup>[1]</sup>

### Career Advancement & Learning

The Excellence in Leadership Program (ELP) helps current leaders become more effective at managing key challenges of a dynamic CU system.

Throughout the program, university leaders gain knowledge and skills to fulfill CU's commitment to current and future academic and administrative excellence. Each academic year, ELP hosts monthly workshops on topics such as strategic thinking and relationship-building.

To participate, you must already be in a leadership role and be nominated by a senior manager. You'll be selected based on your personal impact on university, local or even global communities. Areas of leadership could include but aren't limited to service, instruction and research.
