

## **Tax Prep Software and Filing Resources** [1]

The International Tax Office provides many resources to assist you in meeting your U.S. tax obligations.

Nonresident students have a filing requirement even if they didn't have a job. The International Tax Office cannot directly help you file or provide tax advice, but we do have a collection of resources that can help you file your tax forms.

### **Get help filing your taxes**

To assist with U.S. tax forms, nonresident alien students and employees who are sponsored by CU have the option to use Sprintax Returns software.

All eligible international students and scholars will receive an access code to Sprintax Returns through their CU-affiliated email. If you have not received an access code by March 7, 2025, email [intltax@cu.edu](mailto:intltax@cu.edu) [2].

### **What's the difference between Sprintax Calculus and Sprintax Returns?**

Each serve a different purpose within tax compliance. [Learn more about the differences between each tax software](#) [3].

### **Register for an international tax filing webinar**

As an international student stipend/scholarship recipient, navigating the U.S. tax filing system is daunting. Sprintax is hosting a series of webinars throughout tax season. There, you'll be walked through everything you need to know about nonresident tax for the 2025 tax year. Topics include who must file, tax residency, FICA, state tax returns, implications of misfiling as well as how to use Sprintax to prepare an accurate tax return.
