The 2026–27 CU Health Plan - High Deductible/HSA HSA (Health Savings Account)A tax-savings account that must be paired with a High-Deductible Health Plan, which can be used to pay for qualified health care expenses now or in the future. An HSA is a savings account that you own. The funds in an HSA carry forward year after year, even if you change employers or retire. ^[3] **Compatible is perfect for planners and savers.**

This Anthem-administered plan gives you access to health care services inside and outside your network^{Network}The facilities, providers and suppliers with whom your health insurer or plan has contracted to provide health care services ^[4] — but requires that you first meet your deductible. Once you've satisfied the deductible, you'll pay coinsurance^{Coinsurance} The portion of expenses that you have to pay for certain covered services, calculated as a percentage. For example, if the coinsurance rate is 20%, then you are responsible for paying 20% of the bill, and the insurance company will pay 80%. ^[5] for care.

This plan offers Anthem's nationwide network of providers and facilities, and you'll have the flexibility to schedule your own appointments with specialists — no primary care provider^{Primary Care Provider (PCP)}A physician (medical doctor or doctor of osteopathic medicine), nurse practitioner, clinical nurse specialist or physician assistant, as allowed under state law, who provides, coordinates or helps a patient access a range of health care services ^[6] or referrals^{Referral}A written order from your primary care provider for you to see a specialist or receive certain health care services for any covered service that cannot be performed by your primary care provider. This applies to our Anthem Exclusive and Kaiser plans. ^[7] needed.
