### **2026–27 plan year information**

This page provides details about the **2026–27 benefits plan year**. For plan year 2025–26 (ending June 30, 2026) information, visit the [Benefits & Wellness page](#) <sup>[2]</sup>.

**The 2026–27 Pathway plan provides access to high-quality health care in Colorado through Anthem’s Pathway network. The facilities, providers and suppliers with whom your health insurer or plan has contracted to provide health care services** <sup>[3]</sup>.

Colorado in-network hospital systems include Rocky Mountain Children’s Hospital, Boulder Community Hospital, HCA Hospitals and UC Health Hospitals.

**New for the 2026-27 plan year:** Children’s Hospital Colorado will be **in-network** on the Pathway plan.

Members living outside of Colorado will have access to Anthem’s full national PPO network on the Pathway plan, the same out-of-state network as the High Deductible plan.

Your Primary Care Provider (PCP) is a physician (medical doctor or doctor of osteopathic medicine), nurse practitioner, clinical nurse specialist or physician assistant, as allowed under state law, who provides, coordinates or helps a patient access a range of health care services <sup>[4]</sup> manages your care, but you do not need a referral (a written order from your primary care provider for you to see a specialist or receive certain health care services for any covered service that cannot be performed by your primary care provider. This applies to our Anthem Exclusive and Kaiser plans. <sup>[5]</sup> to see a specialist.

No out-of-network coverage is available except for urgent (care for an illness, injury or condition serious enough that a reasonable person would seek care right away, but not so severe as to require emergency room care) <sup>[6]</sup> and/or emergency (care for a medical or behavioral health condition that must be treated at the emergency department of a hospital due to an illness, injury, symptom or condition severe enough to risk serious danger to your health (or, with respect to a pregnant woman, the health of her unborn child) if you didn’t get medical attention. See where and when to get care. <sup>[7]</sup>.
