Leave Certification [1]

Annual Leave Certification: Act by Sept. 7, 2022

Guided by the Board of Regents Policy [2], annual leave certification:

- Requires all leave-eligible employees who use My Leave and other time tracking systems to certify the accuracy of their leave.
- Requires managers to approve their employees’ certification. This procedure helps identify errors and ensures balances are correct.

Remember: State Sick Leave Certification

As part of the Healthy Families and Workplaces Act (HFWA), leave certification has expanded to all employees enrolled in the State Sick Leave plan. This means all faculty, staff, student employees, temporary staff and contracted lecturers must certify their leave.

- Verify that the subtracted totals from your July paycheck and Annual Leave Certification's Ending Balance numbers are similar. Note: The numbers in your Pay Advice are rounded and the Annual Leave Certification is an exact amount, so the numbers might be slightly out of balance due to rounding differences.
