4. Click the **W-4** tile. The form contains personal information, so you must verify your identity [3] to access it.

**Checkup on your paycheck**

Prevent an unexpected bill or penalty during tax season: Ensure the right amount of tax is withheld from your pay with the IRS Tax Estimator.

**To get started:** Gather your most recent paystubs, income tax return and W-2s. If your personal circumstances change during the year, revisit the calculator to ensure withholdings are still correct.

**Add or cancel Colorado tax withholding**

To request a whole dollar amount to be withheld in addition to the amount of withholding based on your marital status and withholding allowances claimed on your W-4, you have two options:

- Request this change for your federal taxes.
- Request, edit or cancel a whole dollar amount of Colorado state taxes to be withheld.
