To meet federal, state and university training requirements take compliance training. Some of the courses in our catalog are required; others are dependent on specific work or role responsibilities. Consult the CU training matrix [2] to see what courses you may be required to take.

Select your training topic.

When you’ve found a course to take, click the Start Skillsoft button to access it in the portal. Contact system.training@cu.edu [3] if you have accessibility considerations.
