Landed Housing Down Payment Assistance and Education Program [1]

The University of Colorado has partnered with Landed [2] to provide a payment assistance option to help university employees buy homes in the communities where they work.

Landed's down payment program invests alongside CU employees to help them reach a 20% down payment. Borrowers contribute at least a 5% down payment, and Landed provides bridge funding to get to a 20% down payment. This allows the borrower avoid costly mortgage insurance and potentially qualify for a better interest rate on a new home. Landed will provide up to $120,000 per family, in exchange for a portion of the equity gained (or lost, if any) in the home from the time the home is bought to when it is sold. Rather than a loan, this is considered a shared investment between Landed and the homebuyer for a maximum term of 30 years.

Temporary Changes as of Sept. 2022

In light of recent economic changes and increasing housing market rates, Landed has issued some short-term updates to their down payment assistance program:

1. Landed has implemented a waitlist for the down payment program across all metro areas [3]. Regardless of waitlist status, you can still sign up [4] to learn about other Landed programs to kickstart your homebuying journey and be the first to know when co-investment opens to new customers.

2. For every 1% contributed, Landed's equity share will increase from 2.5% to 3.3%. Prospective homebuyers who have an unexpired Landed Welcome Letter will not be impacted, and Landed will honor their 2.5% rate.
