About Archives [1]

The Archives Document Search page [2] holds Faculty Senate and Faculty Council records dating back to 1968. *Please note this is an ongoing, new project and records are continually being added.* These governance documents include but are not limited to resolutions, statements, reports, faculty handbooks, meeting minutes, and task force/standing committee reports. Currently, the documents are searchable via date, keyword and/or name.

For documents from the current academic year, see Faculty Council Meetings [3] & Committee webpages [4]

Committee archives can be found at the bottom of their respective committee webpage [4] which link out to a Google Drive.
