

HCM Access and Training ^[1]

Managing employee data, types of data changes, tables, effective dates, sequencing and more.

Required training depends on your role

Are you new to HCM? Set up your access in a few simple steps:

1. Identify your role.
2. Successfully finish all required Skillssoft courses based on your role.
3. Make a request through CU Identity Manager (OIM).

- [Step 1](#)
- [Step 2](#)
- [Step 3](#)

Identify your role.

Roles define what you can and cannot access in the system. Read descriptions of HCM roles and their duties:

Department User Roles

If you're new to HCM, you'll likely choose one of the following roles.

HCM: CU HCM User Inquiry

This role grants view-only access. Request this role if you only view information and do not make any entries, changes or approvals.

HCM: CU Payroll Personnel Liaison

Request this role if you need to enter, change or approve position data, job data, time entry, time approval, PET entry, PET approval, department budget and My Leave department views. Do not request additional roles, as CU Payroll Personnel Liaison already grants approval for the above tasks.

HCM: CU Time Entry

Request this role when you only view, enter or approve CU Time, MyLeave and related reports.

HCM: CU PET Regular Users

Request this role if you only view, enter or approve PETs.

Specialized Roles

These roles are for a handful of users who perform specialized tasks.

CU Campus HR

This role allows HR staff to correct or edit, job, position and other data directly in the system. Do not request this role if you are a department user or PPL.

CU HCM Enterprise Learning Reporting

This role provides access to training reports, the course enrollment page and the course enrollment update process.

CU Security Coordinator Campus

This role is for Campus Security Coordinators only. It provides access to review relevant employee and POI data to aid in approving/rejecting access requests and performing other campus security functions.

This grants view-only access to a number of pages relevant to Risk Management's HCM Data needs.

Take required Skillsoft courses.

Identify your role to determine which courses you need to take.

Required Skillsoft Courses by Role

Role Name	Fiscal Code of Ethics	Information Security and Privacy Awareness	HCM Fundamentals	HCM Paying People	HCM Updating Data	Recruiting with CU Careers
CU HCM User Inquiry	X	X	X			

CU PPL	X	X	X	X	X	X*
CU Time Entry	X	X	X	X	X	
CU PET Regular Users	X	X	X	X	X	
CU Campus HR Staff	X	X	X	X	X	X*
CU Enterprise Training Reporting	X	X	X			
CU Security Coordinator Campus	X	X	X			
CU Risk Management	X	X	X			

**CU PPLs and CU Campus HR staff at CU Boulder use Avature for recruiting purposes. Please contact the CU Boulder HR office for training requirements.*

Click the titles below to access required Skillssoft courses.

Course Topics and Skillssoft Links

Course Titles	Key Topics and Skills
CU: Fiscal Code of Ethics ^[5]	University's Fiscal Code of Ethics (focusing specifically on the Employee Code).
CU: Information Security and Privacy Awareness ^[6]	Explains how and why CU employees must protect
CU: HCM Fundamentals ^[7]	High-level overview of HCM.
CU: HCM Paying People ^[8]	Payroll cycles, calendars, MyLeave and CU Time.
CU: HCM Updating Data ^[9]	Managing employee data, types of data changes, tables, effective dates, sequencing and more.

3

Request access through OIM.

OIM is CU's access request and management system.

We have provided a document that will help users determine which roles to request in OIM.

[View the guide](#) ^[14]

Once you've completed training:

1. [Log into OIM](#) ^[15] using your campus login and password.
2. Follow OIM access request instructions. ^[16]

OIM will check that you have completed the required training for your requested role. If you have not completed the required training, you'll receive an email listing outstanding courses you must complete. Then, log back in to the system and self-approve your request so it routes to your manager/sponsor for approval.

If you have questions during this process, please contact the [UIS Service Desk](#) ^[17] and [Access Management](#) ^[18].
