Issue Additional Pay  [1]

Issue additional pay in a snap.

The Additional Pay transaction adds a bonus, moving/relocation reimbursement or incentive pay to an employee's wages.

There are two types of additional payments:

- A **one-time payment** issues *once during a pay period* and ends on or after the pay end date.
- A **recurring payment** issues a payment over *more than one pay period*.

**Tips and Tricks**

- Both one-time and recurring payments must be approved. Once approved, one-time payments feed into Reported CU Time, while recurring payments feed into payroll and are stored in the HCM additional pay page.
- A one-time payment needs to have an end date so it's included in the next pay cycle.
- Recurring payments require both a monthly amount and a goal amount. You can split this payment between more than one speedtype to create two separate additional pay transactions.
