Practice makes perfect for HCM users

As an HCM user, you've had to take a number of required courses to get the hang of navigating the system. Sharpen your skills and take your training to the next level with practice exercises and optional courses.

- Courses
- Practice Exercises

These voluntary training courses offer a step-by-step approach to everyday HCM processes and tasks. Courses that are successfully completed are recorded as complete in HCM.

**Featured Course: HCM Hiring Employees**

**Duration:** 30 minutes

**Description:** This course is for HCM users who hire employees, rehire former employees and assign additional jobs to active employees. During this course, practice creating a hire transaction and checking its status with simulations.

Complete Course [2]

**Resources**

Step-by-Step: Hiring an Employee [3]

---

**HCM Fundamentals**

**Duration:** 20 minutes

**Description:** This course is for new HCM users and covers the basic concepts of PeopleSoft Human Capital Management (HCM). Learn what HCM is, how it integrates with other systems, navigation and other important information you'll need to know when beginning to use the system.
HCM Paying People

**Duration:** 45 minutes

**Description:** This course is for HR and HCM Department users who enter transactions that affect jobs and pay. Learn the concepts of pay data used in HCM, including pay groups and pay cycles, contracts, payment types, payroll expense transfers and personnel effort reports.

Complete Course 

**Resources**
- Step-by-Step: Working with Contracts
- Step-by-Step: Making a Pay Rate Change

HCM Updating Data

**Duration:** One hour

**Description:** This course is for anyone who uses HCM to update job data: Entering transfers, promotions or terminations. Learn about tasks associated with managing employee data in HCM, including personal data, persons of interest (POIs) and different personnel actions associated with the life cycle of an employee.

Complete Course

**Resources**
- Step-by-Step: Getting Started with HCM
- Step-by-Step: Running Queries
Recruiting with CU Careers

**Duration:** One hour

**Description:** This course is required for all new HCM and CU Careers users before they gain access to the systems. Learn about concepts, tools and features of the online applicant tracking system CU Careers, which is used by the University of Colorado to recruit employees.

Complete Course [12]

---

My Leave for Supervisors

**Duration:** 30 minutes

**Description:** This course is for supervisors with employees using the online time entry system My Leave. Learn how to review submitted time before approving it. After completing this course, supervisors will understand how to read and approve submitted time, timesheets, and leave requests correctly.

Complete Course [13]

---

Resources

- Step-by-Step: My Leave for Supervisors [15]
Online simulations provide the opportunity to engage hands-on in a controlled environment.

Please note: Some of these trainings contain optional assessments to measure how well you remembered tasks you practiced, but your score is not recorded.
