About Us [1]

Mission

Our mission is to enhance connections and spotlight the invaluable innovation and entrepreneurial endeavors that are taking place across all four campuses.

Vision

The University of Colorado aspires to become the #1 public institution in innovation and entrepreneurship, setting the standard for excellence and impact.

Areas of Impact

- Ensure student success and opportunity through entrepreneurship and innovation — To ensure every student engages with innovation and entrepreneurship through courses, academic programs, research, or experiential opportunities.
- Be the nation’s leader in innovations addressing significant societal challenges — Empower faculty, students, and staff to lead groundbreaking innovations and ventures.
- Support a vibrant I&E ecosystem — Evolve and develop strategies and policies to promote collaborative, interdisciplinary, real-world-focused research that generates impactful IP, including patents and royalties, while acknowledging the effort required for successful commercialization.
