At CU, we believe in driving global change together, and the Presidential Innovation & Entrepreneurship Initiative aims to align and optimize resources—in an inclusive, multidisciplinary understanding—to reach across traditional silos and facilitate collaboration. Explore resources available by campus below:

CU Boulder Innovation & Entrepreneurship Initiative

Explore the many entrepreneurship and innovation programs and resources in our interactive guided at CU Boulder at colorado.edu/innovate

- ASSETT Innovation Incubator—Engaging teams of faculty, undergraduate students and staff from the College of Arts and Sciences in cycles of design thinking to develop innovative education technology projects
- Atlas Institute—Home to research and academic programs transcending disciplinary structures of engineering, design, science and art to inspire new realms of invention
- Creative Distillation Research Podcast—Creative Distillation is co-hosted by the Deming Center for Entrepreneurship’s Research Director Jeff York and Faculty Director Brad Werner. Each episode distills entrepreneurship research into actionable insights
- Deming Center for Entrepreneurship—A one-stop shop for students, staff, faculty and community members interested in entrepreneurship
- Entrepreneurship Center for Music—Equipping today’s music students with the skills and tools they need to create sustainable careers in the arts
- Idea Forge—A cross-disciplinary prototyping facility where students can design, build and test solutions to meet societal needs
- Integrated Teaching & Learning Program—A workspace offering workshops, resources and high-end equipment open to engineering and non-engineering students, staff and faculty use
- Innovation and Entrepreneurship Mentor Network—CU Boulder’s entrepreneurial mentor network supports innovative activity on campus led by students, faculty and staff
- New Venture Challenge (NVC)—Connecting the CU Boulder campus with the Boulder community to develop innovative ideas and pitch for up to $50,000 in venture funding
- Silicon Flatirons—Propelling the future of technology policy and innovation
- Startups2Students—A mini job fair that brings entrepreneurially-minded CU Boulder students and local Front Range startups together with a twist
- Venture Partners at CU Boulder—The commercialization arm of CU Boulder, Colorado Springs and Denver (Physical Sciences) campuses with support for beginning through growing ventures based on university-owned IP

UCCS
Undergraduate, Graduate, and Faculty

- **Bachelor of Innovation** [15] — An interdisciplinary undergraduate program that combines the traditional degree curriculum with practical innovation and entrepreneurship training
- **EPIIC Community Events** [16] — Incubator to support economic development of Colorado Springs
- **Venture Attractor** [17] — Incubator for early-stage startups in the sports and outdoors, health innovation, and human performance sectors

Undergraduate & Graduate

- **Center for Entrepreneurship** [18] — Promotes entrepreneurship in the Southern Colorado region through its research, teaching and service activities
- **Student Research Center** [18] — Prepare and support undergraduate and graduate student researchers and faculty mentors
- **The Garage** [19] — A student entrepreneurship center

**CU Denver**

Undergraduate, Graduate, and Faculty

- **Bioengineering** [20] — Academic department that provides opportunities for engineering students and researchers to work directly on a world-class medical campus
- **Grand Challenges** [21] — Interdisciplinary, applied research competition
- **Inworks Innovation Initiative** [22] — Two state-of-the-art prototyping labs and a collaborative community for creators, thinkers, designers, and makers
- **Imaginator Academy** [23] — Projects and research focused on reimagining the future of work
- **Jake Jabs Center for Entrepreneurship** [24] — Entrepreneurship-focused resource center and academic department at the CU Denver Business School that offers an MS, BSBA, MBA specialization, and certificates in entrepreneurship; extracurricular programs; events; workshops; and more
- **Open Innovation District** [25] — Serving as the anchor institution in downtown Denver to fuel inclusive innovation, collaboration, sustainability, and economic growth for Denver and Colorado

Undergraduate & Graduate

- **Grand Challenges** [21] — Interdisciplinary, applied research competition
- **Smart Cities Future Lab** [26] — Incubator and accelerator focused on inclusive solutions for smart cities
- **Student Research Center** [27] — Providing jobs, resources, and grants for CU Denver and CU Anschutz Medical Campus, undergraduate researchers
- **THE CLIMB** [28] — An annual pitch competition and event series open to Colorado collegiate teams competing for a $10,000 first-prize
- **The Rutt Bridges Venture Fund** [29] — An early stage, micro-investment fund operated by a cross-disciplinary team of CU Denver students

**CU Anschutz Medical Campus**
Graduate, and Faculty

- **Academia Industry Alliance** — Strives to foster connections among entrepreneurs, scientists, technology professionals, and businesses
- **Ask the Expert** — Monthly luncheon interviews with innovation experts
- **Brews and Biotech** — Informal networking with local business leaders
- **Center for BioEngineering** — The Center uniquely offers engineering students and researchers direct opportunities on a world-class medical campus
- **Center for Innovation** — Children's Hospital Colorado (Resources and services supporting innovators and entrepreneurs
- **Chancellor's Discovery and Innovation Fund** — Milestone-based funding program supporting healthcare technologies
- **Colorado Clinical and Translational Sciences Institute** — Facilitates the formation of future-focused research teams, accelerates the development of new treatments and enhances human health
- **CU Healthcare Innovation Fund** — Venture capital fund investing in series A & B companies out of CU Anschutz
- **CU Innovations** — Unites industry partners, entrepreneurs, and investors to support CU Researchers in creating global biomedical technology for enhanced quality of life
- **Entrepreneurs in Residence (EIR)** — Healthcare Advisors are experienced entrepreneurs, executives, and healthcare experts who can mentor campus innovators
- **Fitzsimmons Innovation Community** — Cutting-edge lab space where health and life sciences companies elevate their research to cure diseases, save lives and enhance care
- **Gates Grubstake Award** — Funding supported by CU Innovations and Gates Institute offered to CU Anschutz investigators or external collaborators to advance cell and gene therapies along with regenerative medicine technologies
- **ICorps@CCTSI** — 3-week course guiding researchers through idea generation to market application
- **Innovation Hub** — A database of preferred service providers offered to researchers to help support their startup
- **mHealth Impact Lab** — An incubator for cutting-edge health technology and disease management initiatives within the Colorado School of Public Health
- **Mental Health Innovation Center** — Exploring bold, scalable solutions beyond today's mental healthcare system
- **Research Studio** — Roundtable clinical and translational research discussions
- **SPARK/REACH** — Funding and educational program supporting inventors in the commercialization process
- **Startup Toolbox** — Microgrant program providing startup services guidance
- **The CARE Innovation Center** — Provides a comprehensive suite of resources and services aimed at transforming healthcare through collaboration with industry leaders and startups
- **Center for Drug Discovery** — Exclusively dedicated to minimizing the time and cost of screening new drugs and therapies
- **360 Podcast** — Features stories about the innovative, and often ground-breaking, work being conducted by the faculty, staff, and students at the University of Colorado Anschutz Medical Campus

**CU Systems Wide Programs**
Undergraduate, Graduate, and Faculty

- **AB Nexus** — Research collaborations between the University of Colorado Anschutz and Boulder

Faculty

- **CU Innovation & Efficiency Awards** — Acknowledging the innovative ideas from CU employees that contribute to saving the University time, money, and minimizing hassles.
