Campus Audit Liaisons [1]

We coordinate our activities with each of the university's campuses through an audit liaison. The liaison's role is to facilitate communication and engagement execution for the campus. The liaison attends audit entrance and exit conferences and coordinates responses to audit findings. The audit liaison also coordinates the campus's quarterly reporting of the resolution status of outstanding management action plans to the Regent Audit Committee.

CU System Administration

Nora Sandoval
Assistant Vice President, System Administration Budget and Business Operations
303.860.5606
Nora.Sandoval@cu.edu [2]
