## Security Awareness <sup>[1]</sup>

- [Student Campaigns](#)
- [Staff Campaigns](#)

Compute in Safety, Comrades!

?The enemy is at the gates, my friends! Protecting your computer and your data should never be taken lightly. These visually-driven posters draw inspiration from Russian, German, and American propaganda posters from the 1940s and are a great resource for spreading the message of safety and solidarity when it comes to Information Security.

### 2014 Propaganda Posters

- April - [Antivirus Robots](#)<sup>[2]</sup>
- Summer - [Harden Your Defenses, Comrade!](#) <sup>[3]</sup>
- October - [Phish Phood](#)<sup>[4]</sup>
- ?November - [Theft is Theft](#) <sup>[5]</sup>

### 2013 Propaganda Posters

- January - [Privacy](#) <sup>[7]</sup>
- March - [Physical Security](#) <sup>[8]</sup>

- April - **Virus Alert** <sup>[9]</sup>
- September - **Copyright** <sup>[10]</sup>
- October - **Stronger Passwords** <sup>[11]</sup>
- November - **Hardening Your Computer** <sup>[3]</sup>
- December - **Encryption** <sup>[12]</sup>

## Digital Dilemmas

In the world of Information Security, every choice we make affects the safety of our information and technology. Often times it can be difficult to see the outcomes of these decisions until it is far too late. The Digital Dilemma emails are designed to put the reader at a crossroads, walking them through a tough choice and showing them the consequences.

## 2015 Digital Dilemmas

- February- **Outdated** <sup>[13]</sup>

## 2014 Digital Dilemmas

- February - **Ethics** <sup>[14]</sup>
- March - **Stranger Danger** <sup>[15]</sup>
- April - **FERPA** <sup>[16]</sup>
- ?May - **Speared** <sup>[17]</sup>
- June - **You Are The Target** <sup>[18]</sup>
- August - **Email Security** <sup>[19]</sup>
- ?September - **Browser Safety** <sup>[20]</sup>
- October - **Mobile Security** <sup>[21]</sup>
- November - **Protect Your Portables** <sup>[22]</sup>
- December/January - **Nefarious Networks** <sup>[23]</sup>

## 2013 Digital Dilemmas

- **Speared** [24]
- **Strong Passwords** [25]
