Compute in Safety, Comrades!

?The enemy is at the gates, my friends! Protecting your computer and your data should never be taken lightly. These visually-driven posters draw inspiration from Russian, German, and American propaganda posters from the 1940s and are a great resource for spreading the message of safety and solidarity when it comes to Information Security.

Digital Dilemmas

In the world of Information Security, every choice we make affects the safety of our information and technology. Often times it can be difficult to see the outcomes of these decisions until it is far too late. The Digital Dilemma emails are designed to put the reader at a crossroads, walking them through a tough choice and showing them the consequences.

2016 Digital Dilemmas

- January/February- **Careful Computing** [13]
- March - **Mobile Maneuvers** [14]
- April/May - **Password Protector** [15]
- June - **Password Protector** [15]

2015 Digital Dilemmas

- February- **Outdated** [16]
- March/April - **Travel Trifecta** [17]
- April/May - **Academic Anonymity** [18]
- June/July - **You Are the Target** [19]
- July/August - **Here Phishy Phishy** [20]
- September/October - **Incident Behavior** [21]
- November/December - **Nefarious Networks** [22]

2014 Digital Dilemmas

- February - **Ethics** [23]
- March - **Stranger Danger** [24]
- April - **FERPA** [25]
- May - **Speared** [26]
- June - **You Are The Target** [27]
- August - **Email Security** [20]
- September - **Browser Safety** [28]
- October - **Mobile Security** [29]
- November - **Protect Your Portables** [30]
- December/January - **Nefarious Networks** [22]

2013 Digital Dilemmas

- **Speared** [31]
- **Strong Passwords** [32]
- **You Are The Target** [33]
- **Stepped Up** [34]
- **Shielded** [35]
- **Monitoring and Policies** [36]
- **Mobilized** [37]
- **Hacked** [38]
- **Ethics** [39]
- **Social Engineering** [40]

Digital Victims

- **Busted**^[41]
- **Checkmate**^[42]
- **Immobilized**^[43]
- **FERPA**^[44]
- **Hacked**^[45]
- **Policy**^[46]
- **Protecting Your Computer**^[47]
- **Passwords**^[48]
- **Unintended Contribution**^[49]
- **Wifi Disaster**^[50]
