Password Management [1]

CU System ID Password

For information about requesting a CU System ID see our CU System Accounts page. [2]

Password Reset

To reset your password for your CU System ID contact the service desk [3].

Help with a locked account

- Do you need help with a locked account? Contact the service desk [3].

Alternative ways to reset your password:

- Workstation/Laptop Reset
  - If you have a laptop or workstation that is part of the CU System Administration's domain (i.e. you are a CU System Administration or Advancement employee) you can reset your password via your computer and your CU System ID will be updated.

CIW Password

You can reset your password here [4]. If you encounter issues with the CIW Password Reset tool, please contact access@cu.edu [5].
