Popultion Diversity (K-12, State, National) [1]

ABOUT THIS VISUALIZATION: Based on US Census data, this visualization allows for comparing demographic diversity of several populations including Colorado K-12 (all grades), Colorado High School Completers, Colorado residents, and U.S. state populations. Additionally, the tool allows for comparing Colorado racial demography to any other state. This data visualization was created by the CU System Institutional Research. Additional details are provided within the visualization.

Should you have questions or comments on this data, please contact IR@cu.edu [4].
