Campus Centers & Offices

LGBTQ+ Hub [2] - We envision the LGBTQ+ Hub as a one-stop shop that can achieve a campus and Aurora community culture where LGBTQ+ people are highly visible, are fully included and integrated in leadership, day-to-day living, communication and dialogue, and where vibrant partnerships exist between the LGBTQ+ Hub and the campus and Aurora communities-at-large.

Center for Health Equity [3] - The Center for Health Equity is a vital and long-anticipated addition to the CU Anschutz Medical Campus, created to address inequities in health and access to care in Aurora and beyond. Initially founded in fall 2021, the center was established to advance community health and well-being by addressing structural sources of inequity and creating opportunities through learning, service, research and advocacy.
