Concur How-to: Transactions on Your Financial Statements [1]

Information associated with expense reports that were fully approved by 5:00 p.m. on the next to last business day of the month will appear on your financial statements. Full approval means the expense report has been approved by all required department and campus approvers – which includes the PSC as the final approval step for travel reconciliations. Transactions will appear on your m-Fin Financial Detail Report according to the following conventions.

Running the report

If you have a Fiscal Role on a SpeedType, or access to the PeopleSoft Finance System (FIN), you automatically have access to run reports in CU-Data.

1. Log in to your campus portal and on the CU Resources Home tab, click the CU-Data tile.
2. Click the Team content folder, then the m-Fin Financial Detail Report. Enter the appropriate search criteria and run the report. For additional information, see http://www.cu.edu/controller/cognos-reporting-system-training [2]
