The following information is for Requestors in CU Marketplace:

**PSC Website**

The PSC website contains information on procurement policies, procedures, and instructions, including:

- PSC Procedural Statement Sensitive Expenses
- PSC Procedural Statement After-the-Fact Purchases

**Access to CU Marketplace**

You will receive email notification once you have access to CU Marketplace. This will come after your access has been requested by your department - using the Oracle Identity Manager (OIM) - and the required training has been completed. - CU Marketplace Requestor
- Fiscal Code of Ethics
- Procurement - Purchasing & Contract Management
- CU: Information Security and Privacy.

**Update Your Profile**

You should set your CU Marketplace profile - including SpeedTypes and shipping locations - to submit shopping carts quicker and limit searching for repetitive information. Step-by-Step Guides and other learning resources are available on the CU Marketplace Learning Resources page, under Updating Your Profile.

**Review the Quick Reference Guide**

The Requestor Quick Reference Guide provides quick instructions for many Requestor processes.

Catalog Supplier Information

Want to know whether a specific catalog supplier will charge for shipping and handling? Or the deadline for a specific catalog supplier to ship orders same day? Or how to check the status of your order? The CU Marketplace Catalog Supplier Information Matrix has the answers. It is available at the bottom of the CU Marketplace Learning Resources [4] page.
