

COVID Supplies Procurement ^[1]

Earlier this year, in response to the coronavirus pandemic, the Procurement Service Center and the campuses developed a centralized approach to purchasing COVID supplies – certain hard-to-find Personal Protective Equipment (PPE) and disinfecting supplies. The new request process consolidated the purchase of a number of items through a new COVID Supplies section of CU Marketplace. In the past four months, over 450 COVID supply requests have been processed through the consolidated cart approach.

PPE/disinfecting supplies are now more readily available. *Most* departments can return to ordering *most* of these items through usual Marketplace procedures.

Effective November 9, 2020:

Anschutz Medical Campus Departments

The Anschutz Medical Campus has PPE inventory immediately available for purchase by Anschutz departments.

- Anschutz departments should therefore use the **Anschutz Use Only COVID Supplies** section in CU Marketplace to purchase the designated items - *Gloves, Bouffant Caps, Shoe Covers, Surgical Masks, Face Shields* – directly from campus inventory.
- Order other PPE and disinfecting supplies through CU Marketplace catalogs or, if appropriate, through the non-catalog form.
- If you have questions, or want to track the status of your Anschutz supply request, contact PPEProcurement@cuanschutz.edu ^[2]. Reference your requisition/PO number.

Boulder, Colorado Springs, Denver, and System departments

- Order COVID supplies as you would other items, through CU Marketplace catalogs or, if appropriate, through the non-catalog form. Review lead times when checking out; items may not be available for immediate shipment.
- If you cannot find *Gloves*, use the **COVID Supplies** section in CU Marketplace.
- If you have questions or need assistance, contact the PSC at COVIDsupplies@cu.edu ^[3].
