Teaching Committee? [1]

Professor Rick VanDeWeghe
Director, Denver Writing Program
University of Colorado Denver

In the English Department on this campus, I chair a Teaching Committee that supports junior faculty development of their teaching. We meet regularly to view videotapes of these faculty in the classroom and discuss our observations. We also share written materials, such as FTEP publications and guides to preparing a teaching portfolio that enrich our understanding of teaching.

Groups audience:
President's Teaching Scholars Program
