

## Retention Rates of First-Time Freshman <sup>[1]</sup>

[Back to Budget and Finance Office](#) <sup>[2]</sup> or [CU Data Made Simple](#) <sup>[3]</sup>

The first-year retention rate measures the percentage of first-year, first-time students who persisted in their educational program a year later. The cohort includes only first-time freshman enrolled full-time (12 or more credit hours). Successful retention is defined as being enrolled at the same institution in the fall term of the following year.
