

About us ^[1]

ABOUT US

Mission statement

The UIS Service Desk contributes to the University of Colorado's success through the delivery of timely, high quality and professional IT services and support at every customer interaction.

UIS provides campuses with support of enterprise applications. Customers include all CU campuses, the Office of the President, the Board of Regents, Employee Services, Procurement Service Center and other groups that support campus-wide applications.

The Service Desk's purpose is to:

- Be an efficient resource for IT and online services
- Empower users to accomplish tasks and resolve issues
- Be an authority on common and relevant topics for the university to reference, such as the [Secure Computing Standards](#) ^[2]

Service Desk Staff

Contact Us

Phone: 303-860-HELP (4357)
