Pillar 1
**AFFORDABILITY
& STUDENT
SUCCESS**

Pillar 4
FISCAL

CU is committed to being a premier, accessible and transformative public university that provides a quality and affordable education with outstanding teaching, learning, research, service, and health care. Through collaboration, diversity, innovation, technology and entrepreneurship, CU will expand student success and the economic foundation of the State of Colorado.

Our strategic planning process resulted in the creation of four strategic pillars: **(1) affordability and student success; (2) discovery and impact; (3) fiscal strength; and (4) diversity, inclusion, equity and access.** Each of these pillars has several areas of focus, some of which are campus specific while others are system-wide. This plan will align all elements of governance (regents, system, and campuses), make the case for CU with the state, and shine light on areas of success and need alike.
