

Pillar 4: Fiscal Strength ^[1]

AREAS OF FOCUS

Technology Enablement and Infrastructure

Collaboration and Partnerships

Deferred Maintenance & Sustainability

PROCESS

- How do we define and measure success and impact in fiscal sustainability?
- What are the best and most promising practices that would allow us to be a national leader among public institutions of higher education in this area?
- How can the System facilitate success in this (e.g., exploring innovative partnerships and/or investments at the System level, removing bureaucratic barriers to success)?
