Campus Access Coordinators [1]

Campus Access Coordinators are subject matter experts for enterprise application user access.

They approve access and have the authority to approve or reject access requests to ensure that user access is appropriate to users' job responsibilities. They also have responsibility for ensuring that access prerequisites are met before access is granted. Campus Security Coordinators can assist you with requesting access to the university systems listed below at your campus.

Application Legend

Abbreviation	Application Name	Description
