

Request Access ^[1]

Below you will find access related information on the different services that the University manages across our four campuses. The focus on this page is to document and reference the different services managed by the System Administration office, and detail our shared services with our campus partners.

Please review and select one of our services below for more information regarding the request process as well as the resources used to support that service. More information can also be found by referencing the [UIS service catalog](#) ^[2].

Is this page for me?

If you are an affiliate of the CU System Administration campus or an affiliate of one of our academic campuses looking for ERP system access, then this request page is for you!

If you are an affiliate of an academic campus of CU (CU Boulder, CU Denver|Anschutz, UCCS), and need information regarding a specific campus resources not seen below please contact your respective campus IT office.

- Boulder OIT: <https://oit.colorado.edu/> ^[4]
- Denver|Anschutz OIT: <https://www1.ucdenver.edu/offices/office-of-information-technology> ^[5]
- UCCS OIT: <https://www.uccs.edu/oit/> ^[6]

What access should I request?

You should always start with your manager or supervisor to determine what applications and resources you need access to. Once that has been evaluated you will need to work with your [campus access coordinator](#) ^[7] to determine what roles are appropriate for the given resources.

Training Requirements

Most University systems require some level of training before access will be granted. Courses can be completed online through Skillsoft or through scheduled in-person led trainings. For

more information related to system trainings please reference the information below or visit our [CU training matrix](#) [8].

- [Student Integrated Systems \(CU-SIS\)](#): FERPA training is mandatory for any system access and can be completed through Skillsoft
- [Human Capital Management \(HCM\)](#) : [Roles and Trainings](#) [9]
- [Finance and Marketplace System](#): [Roles and Trainings](#) [10]

CU Applications & Services Access

More information regarding our applications and services can be found by clicking the respective links below.

Access to these applications and services are controlled through dynamic [Adobe PDF](#) [11] forms and [CU Identity Manager](#) [12]. You must authenticate with your campus credentials in order to access these resources. Adobe PDF forms will require an [Adobe digital signature](#) [13] for completion.
