OnBase [1]

OnBase is CU's application for Enterprise Content Services [2].

Enterprise Content Services can manage your content, processes and cases on a single platform. This helps to increase productivity, reduce operating costs and minimize risk.

For more information about requesting OnBase access, please refer to the Access section [3] of the service page.

Users/Functional Areas

Users include Employee Services, Security Coordinators, Vice Chancellor for Research, Disability Services, Advancement, Human Resources, Transfer Credit, Registrar, International Student Services, Financial Aid, Bursar, Pre-Collegiate Dev program, Academic Advising, Admissions, Graduate Schools, Finance, International Admissions, Continuing Education, the CU President's Office, School of Medicine, Veteran's Affairs, College of Education, Leeds MBA, Law School, Art & Sciences, College of Architecture and Planning, School of Dental Medicine, Grants and Contracts, College of Engineering and Honor Code.

Required Training

Depending on the type of content you'll access, FERPA training may be required.

Product Training

Whether you are an end user or OnBase Administratior, quick reference guides [4] are available to learn how to index documents, submit content and more.
