Campus Solutions [1]

CU-SIS Campus Solutions (CS) is the primary component of CU Student Integrated Systems (CU-SIS) [2] and encompasses many functions directly related to student administration, faculty workload and course management.

Campus Solutions is made up of five modules: Admissions, Campus Community, Student Records, Student Financials and Financial Aid.

Benefits of Campus Solutions:

- Provides the ability to manage a student's entire life-cycle, from admission confirmation through graduation and beyond, including all billing activity
- Provides CU with a single system of record for all students with the flexibility to accommodate differences in student populations, campus policies and processes
- Allows for the tracking of all scheduled resources, including courses, teachers and room scheduling
- Manages complex financial aid process and monitoring of student aid
- Streamlines student administrative processes through automation

Request access

To request access, you must fill out the CU-SIS Access Request Form [3].

Each campus has module security coodinators that review and provision the appropriate access.

Common users

Students, faculty and staff use Campus Solutions to manage the information they need to interact with the University of Colorado.
