

CU Transfer Access [1]

CU Transfer is used by customers to upload files for batch processing and to provide short-term storage to aid in collaboration between staff and vendors. CU Transfer is the preferred method for enterprise file transfer services. CU Transfer access will require approvals from UIS Production Services. This resource is managed by University Information Services (UIS) [2] located at the System Administration campus.

Who is this for?

University Staff members or vendors with a need to upload or download files to the University via SFTP.

Who do I ask for help?

For questions regarding CU Transfer, please reach out to the UIS Production Services [3] team.

How do I request access?

To request access, please fill out the CU Transfer Access Request Form [4].
