

PingFederate Single Sign-on ^[1]

At least twice a year, UIS looks to PingFederate Single Sign-On liaisons to assist in the updating of certificates. It is essential that application liaisons respond in a timely fashion to avoid any interruption in services for our application users.

We recommend using CTRL+F to search for each instance of your last name, as many PingFederate Single Sign-On liaisons manage multiple applications. Please reach out to help@cu.edu ^[2] if you have any questions about updating certificates.
