CU-SIS Campus Solutions (CS) [1]

Overview: CU-SIS Campus Solutions (CS) is the primary component of CU Student Integrated Systems (CU-SIS) and encompasses many functions directly related to student administration, faculty workload and course management. Campus Solutions is made up of five modules: Admissions, Campus Community, Student Records, Student Financials and Financial Aid and is related to and integrated with several other enterprise applications, like the Customer Relationship Management (CRM) system, Central Information Warehouse (CIW) [3] and Enterprise Content Services (ECS) [4].

Benefits: Some of the benefits of Campus Solutions include:

- Provides the ability to manage a student’s entire life-cycle, from admission confirmation through graduation and beyond, including all billing activity.
- Provides CU with a single system of record for all students with the flexibility to accommodate differences in student populations, campus policies and processes.
- Allows for the tracking of all scheduled resources, including courses, teachers and room scheduling.
- Manages complex financial aid process and monitoring of student aid.
- Streamlines student administrative processes through automation.

Funding Model: Campus Solutions is funded by the campuses. It is not a fee-based service.

Who is eligible to use the service: Students, faculty and staff use Campus Solutions to manage the information they need to interact with the University of Colorado.

How to request access to the service: For information on how to request access to Campus Solutions, refer to the Access [5] website.

Alias information / service history: CU-SIS Campus Solutions is sometimes referred to as CU-SIS, CS, or any one of its five modules (Admissions, Campus Community, Student Records, Student Financials or Financial Aid). Formerly called Integrated Student Information Systems (ISIS).
