Tableau Training Resources

Want to learn more about Tableau? Check out the video, "What is Tableau? An Overview."

CU's Skillsoft learning platform includes several Tableau courses:

- Tableau for Data Visualization: Introduction
- Tableau for Data Visualization: Advanced Features
- Tableau Desktop: Enhancing Data Visualizations
- Tableau Desktop: Analyzing Data
- Tableau Desktop: Performing Calculations

The following series requires an access code. Note: You can purchase additional training or user access.

- Tableau Elearning: Tableau Data Analyst
- Tableau Elearning: Tableau Site Administrator
- Tableau Elearning: Tableau Server Administrator

The following are documents from previously held training sessions from the Data and Business Intelligence team at CU. You may need to authenticate for access:

- BI Parameter Options
- Tableau v. Cognos Parameters
