Conclusions

• Out-of-pocket tuition and fee increases were mitigated for many lower and lower middle income students.

• Some resident undergraduates did not apply for federal aid in 2014: UCB 32%, UCCS 11%, Denver 12%

• Of those who applied for aid in FY 2014, over one-third did not take a loan.

• On average, CU students have a student loan default rate of 4.5%, which is approximately 10 percentage points lower than the both the national and state average.
