HCM PROGRAM: KEY MESSAGE

RED

Key Message: Overall HCM Program Status

R

Metrics – High number of open issues in key areas. Week over week results indicated downward turn in the Payroll Production, Payroll and Training categories due to Task Force ticket efforts. Overall tickets closes were down by 57 vs previous week.

R

Training – Lack of training for ES staff; campuses reporting incomplete, outdated and inaccurate training materials and one of the top items identified in HCM meetings.

R

Systems – Issues with transaction pages, my leave, contract pay, and user experience across key categories and employee lifecycle.

R

Adoption – User frustration with HCM, ES support, and a disconnect between system behavior and user expectations.

Y

Call Volumes/Quality – 6 weeks of consistent high performance from call center. Team is operating under normal business hours, has high answer rates, and 100% call back stats on voicemails left for ES. Quality of answers to fix errors / problems of campuses was called out as a concern from HCM meeting and reason for YELLOW status. New survey technology is being implemented but not currently in place.

Y

Stabilization Efforts – Delivery of responses to primary issue drivers. Team made progress in data cleansing and identifying Cherwell and Phire issues/tickets.

HCM Dashboard

HCM Program Update for 3/25/2016

Welcome to the HCM Dashboard! We hope to use this page to give you an at-a-glance look at what's happening with HCM and CU Careers. Within the next week, we will be adding a comprehensive known issues list, daily key messages about the system and an overview development items.

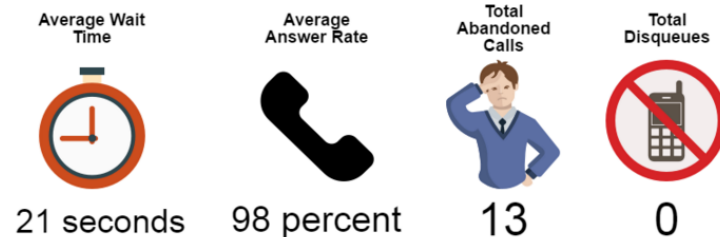

Known issues lists

- UCB reported issues 2016-03-10.xlsx
- A comprehensive HCM known issues list is coming soon!

How we're improving our call center service

On Feb. 22, we hired a team of experienced call center professionals to track and resolve your HCM and payroll issues.

Call Center Stats: March 14-18

System updates

User alert: Off-cycle payroll processing delayed to March 25

My Leave: What's been fixed and what's coming down the pike

Mark Stanker named interim Chief Human Resources Officer

Group terminations no longer run automatically: We have ended automatic terminations and ask you to use the group termination transaction page. We are currently revising the step-by-step guide and will communicate when it is available.

Employee Services to turn off onboarding functionality: We have decided to put the onboarding module on hold until it is performing as expected. In the meantime, we ask you to onboard new employees manually. We will follow up with more information in the coming weeks.
