I. INTRODUCTION

Consistent with Regents Laws and policies, the performance of university staff will be evaluated and rated annually. The performance evaluation will be based upon the position description and performance planning between the supervisor and employee. The performance evaluation provides the basis for individual performance ratings and merit and other pay adjustments. The performance rating is the overall summary rating of the individual's performance and constitutes the public record of rating, in accordance with the Colorado Open Records Act.

The following Administrative Policy Statement (APS) ensures that the University has a consistent performance rating system as a critical component of a performance management process that serves university interests in resource management and employee development. The policy does not affect discretion that may be exercised by System Administration and each campus to adopt specific ways to administer the performance management system contained in this APS.
University staff and supervisors of university staff are responsible for understanding and implementing the performance evaluation and annual performance rating process as defined in this policy statement.

II. POLICY STATEMENT

A. This policy statement moves the university to a 5-point performance rating scale for university staff with revised related forms.
   - 2008-2009 OEP rating forms due to the HR offices must be submitted on the new 5-point performance rating form.
   - 2009-2010 and subsequent performance plans and goals, and evaluation shall be based on the new 5-point scale as defined in this APS.

B. University staff will be evaluated and receive a performance rating on an annual basis. Individual performance evaluations and ratings provide the basis for annual merit and other pay adjustments.

C. The rating for university staff will categorize each person's performance with a five to one (5-1) point summary rating. The performance rating will be provided on the University Staff Annual Performance Rating Form.
   - The rated employee has the right to append a response to the rating in writing to his or her rater, if he or she so desires.
   - The supervising authority and rated employee will sign the performance rating form to acknowledge that the rating has been discussed.
   - The supervising authority will retain the original signed rating form and provide the rated employee a copy of the signed form.

D. The performance rating form will be placed in the employee's personnel file. The performance rating is subject to disclosure under the Colorado Open Records Act. The Staff Plan and Evaluation Form and any written justification for the performance rating may also be placed in the personnel file but will not be disclosed to anyone other than the employee and university personnel with a demonstrated business need. Human Resources offices are responsible for approving such access.

E. Performance ratings for annual merit or salary adjustment consideration shall be submitted to the applicable Human Resources Office in accordance with individual campus-defined submittal dates.

Scores of 2 or 1 are not eligible for an annual merit increase.

F. The performance rating is only one item of information that may be used, consistent with the Laws of the Regents and University policy, in the annual salary setting process or in comprehensive administrative
evaluations.
