

Be Colorado HealthFair & Flu Shot Clinics

September 22 – October 30

Learn about your health, wellness, fitness and nutrition needs in one stop. Only interested in a flu shot? We have that, too!

If you're currently participating in a medical CU Health Plan, we would like you to attend one of several different HealthFair locations to test your total health or visit a flu shot-only location to obtain a free flu shot! **All flu shots must be pre-registered online and can be done up to two weeks before the event. Covered spouses are welcome to participate as well!**

For a full schedule of events and to schedule a flu shot go to:

becolorado.org/programs/healthfair

Visit one of over 15 different vendors covering topics like cooking, nutrition and natural healing:

- Complete a screening for osteoporosis or lung function.
- If you're interested in seeing how the sun can take a toll on your skin, check out the DermaView Facial Analyzer and let the test's black light capabilities reveal the sun's effects.
- Flu shots will be available at no cost and **at every location!**

DON'T FORGET!

All CU Health Plan participants must present their CU Health Plan medical insurance ID card at all HealthFair and flu shot clinic locations.

Need a shot?
The first one's
on us!

Attend the HealthFair and WIN!

Your attendance at an event gains you entry into our prize drawings. **Lucky winners at each HealthFair location will receive 1 of 3 Fitbits or a MINI TABLET!** Don't forget to fill out your waiver upon entry into the event; this will be your submission into the drawing.

If you have questions, email questions@becolorado.org.
