Using Hosted Catalogs for Shopping in CU Marketplace

## In This Guide

This guide discusses the hosted catalog shopping process. Topics covered are:

✓ Hosted catalog definition

- Hosted catalog shopping process cycles
- ✓ Procedure for hosted catalog shopping
- ✓ Procedure to pay invoices (receiving)

## What does "hosted catalog" mean?

Catalog shopping can be accomplished using hosted or punch-out catalogs – in other words, where CU-specific items and prices are offered by CU-contracted suppliers. Hosted catalogs are maintained directly within CU Marketplace.

The hosted catalog shopping experience has a consistent look and feel regardless of the supplier.

### Sole Source Purchases For purchases over \$5,000 where only one supplier can provide the goods or services being requested, instead use the Sole Source Justification form. Using Hosted Catalogs for Shopping in CU Marketplace

### Hosted Catalog Shopping Procedure

Begin by accessing CU Marketplace via <u>your campus portal</u>. Locate your **CU Resources** section and, under the **Business Applications** area, select the **CU Marketplace** link.

Step #1: Use a hosted catalog to shop within CU Marketplace

- 1. From the **CU Contracts** section of the CU Marketplace home page, select a supplier by clicking on the supplier's logo or name.
- 2. A pop-up search box will appear. Search for the item by entering keyword(s), and click the **Search** button.

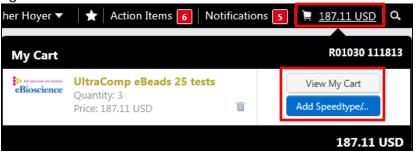

**Do you see a Punch-out link instead of a pop-up search box?** If so, the supplier offers a punch-out catalog instead of a hosted one. Refer to the Step-by-Step Guide <u>Using Punch-out Catalogs for</u> <u>Shopping in CU Marketplace</u> for further guidance.

- Locate the appropriate product/item and enter the **Quantity**.
- 4. Click the Add to Cart button.

Visit the <u>Punch-out and</u> <u>Hosted Catalog Guides</u> for supplier-specific ordering information.

- 14. Click the **Final Review** tab to complete your review. If needed, click the **edit** button to make additional updates.

### Step #3: Submit shopping cart as a requisition

(You must have Requestor access in order to perform this step.)

- 1. Click the **Submit Order** button located in the upper right corner.
- A congratulatory message will appear, along with a summary of your requisition.
   CU Marketplace will send an email notification to the Approver(s).

#### Step #4: Receive appropriate approvals, if needed

After the Requestor submits your shopping cart as a requisition:

• For requisitions \$5,000 or less – CU Marketplace converts your requisition into a PO and communicates your PO to the supplier to place your order.

## Using Hosted Catalogs for Shopping in CU Marketplace

For requisitions over \$5,000 – CU Marketplace routes your requisition for financial approval. Financial approval is given by an individual with a fiscal role on the SpeedType (except Officer) who is also a CU Marketplace Approver. After financial approval is obtained, CU Marketplace routes your requisition for PSC approval. Once approved by the PSC, your requisition will convert into a PO. The Requestor will receive an email notification from CU Marketplace. Your PO is communicated to the supplier to place your order.

### **PO Payment Procedure**

First, let's begin by reviewing the payment cycle illustrated on page 1:

Supplier submits invoice(s) for payment.

Do online receiving to authorize invoice to pay.

Once your order is placed with a supplier, referencing your PO number, the supplier must submit an invoice to receive payment.

If the PO total amount is over \$5,000, online receiving is required to authorize each invoice to pay – regardless of the dollar amount of the individual invoice.

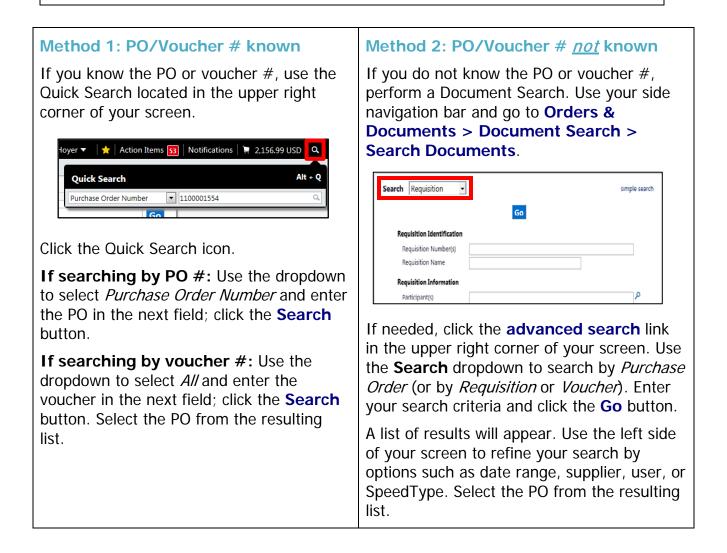

If you receive the invoice prior to the Procurement Service Center (PSC), email the invoice to <u>APInvoice@cu.edu</u>.

An email notification is sent to the Requestor and any approvers once the invoice is entered as a voucher into CU Marketplace. You can then review the voucher online. The Requestor (or Receiver) should complete online receiving.

Do online receiving to authorize invoice(s) to pay:

- Begin by accessing CU Marketplace via <u>your campus portal</u>. Locate your CU Resources section and, under the Business Applications area, select the CU Marketplace link.
- 2. Locate your PO using one of the following methods:

Using Hosted Catalogs for Shopping in CU Marketplace

- 3. Once your PO is displayed, use the **Available Actions** dropdown (located in the upper right corner of the page) and select *Create Quantity Receipt*. Click the **Go** button.
- 4. On the **draft receipts** page, if needed:
  - Enter a unique Receipt Name.
  - Enter the **Packing Slip No.** and attach a scan of the packing slip for records purposes.
- 5. Record the items that arrived, or the portion of services performed, in the **Receipt Lines** section located in the bottom part of your screen.

- 6. Click the **Complete** button located in the lower right corner of the page.
- 7. A confirmation page will appear noting the receipt and PO numbers.

In some cases, a supplier might send multiple shipments to fulfill one PO. For example, an item could be on backorder, or a large order might be shipped in multiple boxes which could be separated during shipping. Because of this, it is possible to perform receiving more than once on a given PO.
