

It's March... It's Purchasing Month

The Procurement Service Center is pleased to celebrate March as Purchasing Month. The individuals listed in the column to the right have a combined total of **288 years** of purchasing experience. In addition to serving as your commodity and subject matter experts, they maintain professional certifications and invest in extensive continuing education. We appreciate their skill and thank them for their service.

Why Celebrate Purchasing Month?

When we celebrate Purchasing Month, we are acknowledging “an elite group of professionals that have made a difference in governmental efficiency and effectiveness.” (according to the National Institute of Governmental Purchasing web site, www.nigp.org...and thanks to NIGP for the purchasing month logo used above)

The goal of your CU purchasing agents is to assure the highest value for the taxpayer’s dollar. In this endeavor, they are assisted by the legal specialists on the Procurement Service Center (PSC) contract administration team.

Additionally, the PSC’s Procurement Card Administration compliance and program specialists work to facilitate departmental small-dollar purchasing through the convenient University MasterCard program.

We are pleased to take this opportunity to acknowledge them, and to recognize the efforts of the department staff who work so conscientiously to fulfill the University’s procurement needs.

Thank you, all!
